The chapters in this volume outline and discuss examples of teacher educators in diverse global contexts who have provided successful self-initiated innovations for their teacher learners. The collection suggests that a way forward for second language teacher preparation programs is through 'reflective practice as innovation'.

This book constitutes the refereed proceedings of the 46th Annual Conference of the Southern African Computer Lecturers' Association on ICT Education, SACLA 2017, held in Magaliesburg, South Africa, in July 2017. The 22 revised full papers presented together with an extended abstract of a keynote paper were carefully reviewed and selected from 63 submissions. The papers are organized in topical sections on ICT students of a new generation; technology and gaming in nowadays education; educational cooperation with the ICT industry; computer programming education; ICT courses and curricula.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

This volume comprises 11 research-led accounts from Teaching English to Young Learner (TEYL) educators working in a range of diverse settings worldwide. The innovative practical and theoretical perspectives

offer some important insights into effective TEYL pedagogy for the 21st century.

In fall 1999, the Department of Education's Office of Educational Research and Improvement (OERI) asked RAND to examine how OERI might improve the quality and relevance of the education research it funds. The RAND Reading Study Group (RRSG) was charged with developing a research framework to address the most pressing issues in literacy. RRSG focused on reading comprehension wherein the highest priorities for research are: (1) Instruction

An award-winning play about the relationship between brothers. Nothing but the Truth is the story of two brothers, of sibling rivalry, of exile, of memory and reconciliation, and the ambiguities of freedom. The play was John Kani's debut as sole playwright and was first performed in the Market Theatre in Johannesburg. It won the 2003 Fleur du Cap Award for best actor and best new South African play. In the same year Kani was also awarded a special Obie award for his extraordinary contribution to theatre in the USA.

The Early Grade Reading Assessment (EGRA) measures students' progress towards reading. EGRA gauges early literacy skills through a 15-minute individual oral assessment of five fundamental reading skills. RTI worked with education experts to develop the EGRA in 2006, and it has been piloted and implemented in more than 40 countries. This volume aims to take stock of the substantial amount of information and experience generated through the use of EGRA, and to share this knowledge with practitioners, policymakers, and international donors. Chapters cover not only particular applications of the instrument but also put EGRA in the context of broader issues and developments in literacy and education.

Since its original publication twenty years ago Rian Malan's classic work of narrative nonfiction *My Traitor's Heart* has earned its author comparisons to masters of literary nonfiction like Michael Herr and Ryszard Kapuscinski. *The Lion Sleeps Tonight* is Malan's remarkable chronicle of South Africa's halting steps and missteps, taken as blacks and whites try to build a new country. Some of the essays previously appeared in a collection published only in South Africa, *Resident Alien*, but others are collected here for the first time. The collection comprises twenty-three pieces; the title story investigates the provenance of the world famous song "The Lion Sleeps Tonight," which Malan traces back to a Zulu singer named Solomon Linda who recorded a song called "Mbube" in the 1930s, which went on to be covered by Pete Seeger, REM, and Phish, and was incorporated into the musical "The Lion King." In other stories, Malan follows the trial of Winnie Mandela and plunges into the explosive controversy over President Mbeki's AIDS policies of the 1990s. The stories, combined with Malan's sardonic interstitial commentary, offer a brilliantly observed portrait of contemporary South Africa.
