as you could read in my introductory post, I have had some kind of "relationship" with the AIWA cassette deck model AD-F660, known in japan as AD-FF60. Upon fixing a defective machine I bought off of ebay, I just couldn't stop playing with it. And I also noticed something interesting: It has to tendency to make whatever the hell crappy tape I throw in it sound great or at least decent. The ...

Humans are remarkable in processing speech, audio, image and some biomedical signals. Artificial neural networks are proved to be successful in performing several cognitive, industrial and scientific tasks. This peer reviewed book presents some recent advances and surveys on the applications of artificial neural networks in the areas of speech, audio, image and biomedical signal processing. It chapters are prepared by some reputed researchers and practitioners around the globe.

Hidden in the mountains of East Tennessee, an eleven-year old goes about the business of being a boy during the summer of 1970. Within a balance of terror and innocence, he bears silent witness to ghosts of the dead and the cruelties of a teenage killer while local justice plays out in a community carved from legacies of coal mining and religion.

Revision of the 1989 book The compact disk; a handbook of theory and use. A technical discussion of the system. Annotation copyrighted by Book News, Inc., Portland, OR
