Eclecticism is a concept widely used in the history of ancient philosophy to describe the intellectual stance of diverse thinkers such as Plutarch, Cicero and Seneca. In this book the historical and interpretative problems associated with eclecticism are for the first time approached from the point of view of the only self-described eclectic philosopher from Antiquity, Potamo of Alexandria. The evidence is examined in detail with reference to the philosophical and wider intellectual background of the period. Potamo's views are placed in the context of key debates at the forefront of late Hellenistic philosophical activity to which he contributed, such as the criterion of truth, the first principles in physics, the moral end and the interpretation of Aristotle's esoteric works. The emergence of eclecticism is thus treated in connection with the major shift in philosophical interests and methods that marked the passage from Hellenistic to Imperial philosophy.

Hellenistic philosophy concerns the thought of the Epicureans, Stoics, and Skeptics, the most influential philosophical groups in the era between the death of Alexander the Great (323 BCE) and the defeat of the last Greek stronghold in the ancient world (31 BCE). The Routledge Handbook of Hellenistic Philosophy provides accessible yet rigorous introductions to the theories of knowledge, ethics, and physics belonging to each of the three schools, explores the fascinating ways in which interschool rivalries shaped the philosophies of the era, and offers unique insight into the relevance of Hellenistic views to issues today, such as environmental ethics, consumerism, and bioethics. Eleven countries are represented among the Handbook's 35 authors, whose chapters were written specifically for this volume and are organized thematically into six sections: The people, history, and methods of Epicureanism, Stoicism, and Skepticism. Earlier philosophical influences on Hellenistic thought, such as Aristotle, Socrates, and Presocratics. The soul, perception, and knowledge. God, fate, and the primary principles of nature and the universe. Ethics, political theory, society, and community. Hellenistic philosophy's relevance to contemporary life. Spanning from the ancient past to the present, this Handbook aims to show that Hellenistic philosophy has much to offer all thinking people of the twenty-first century.

The thoroughly revised & updated 8th edition of "Comprehensive Guide to IBPS-CWE Bank PO Exam" has been designed strictly for the Bank PO Stage 1 & 2 Exams. • This new Edition incorporates New Chapters / Variety of Questions as per IBPS PO 2017 / 2018 exam.
