Aswath Damodaran, distinguished author, Professor of Finance, and David Margolis, Teaching Fellow at the NYU Stern School of Business, have delivered the newest edition of Applied Corporate Finance. This readable text provides the practical advice students and practitioners need rather than a sole concentration on debate theory, assumptions, or models. Like no other text of its kind, Applied Corporate Finance, 4th Edition applies corporate finance to real companies. It now contains six real-world core companies to study and follow. Business decisions are classified for students into three groups: investment, financing, and dividend decisions.

Accounting and Corporate Finance for Lawyers introduces law students to the fundamental concepts of accounting and corporate finance. Students learn how to read and understand financial statements and footnotes, assess a company's financial position, and evaluate financial provisions and covenants in contracts. This book begins preparing students for success in the practice of law by providing the critical foundation of understanding accounting concepts and principles and the language of business people. Professors and students will benefit from: A reader-friendly organization and style Discussion and examples of how the principles are applied in practice Examples and exhibits that supplement the substance Exercises and problems designed to build a student's knowledge base Teaching materials include: A text-based discussion of possible talking points for each of the textbook chapters. The Teacher's Manual chapter text includes cross-references to the corresponding page numbers of the text chapter and the corresponding slide number for the power point presentation that accompanies each chapter. A PowerPoint presentation for each textbook chapter, which includes both bullet points to guide the discussion, as well as embedded examples drawn primarily from the corresponding textbook chapter. The PPT slide headings correspond to the chapter headings and chapter structure to facilitate ease of use. A prepared solution for each of the problems set forth in the textbook with explanations where warranted. A sample syllabus of the content that might be covered in a 3 credit Accounting for Lawyers course. Sample exam questions with a corresponding grading rubric

that sets forth the potential information a student should address in their answer. The sample exam questions may be used to create a midterm and final exam or just a final exam. A sample small group presentation project with corresponding grading rubric that sets forth the content areas the group will be graded on as a part of the presentation project.

EB00K: Corporate Finance, 4e

EB00K: Corporate Finance: European Edition

This pedagogically innovative and interactive corporate finance textbook not only introduces and develops core corporate finance material, but does so in a way that will capture the imagination of UK and international business and management students at undergraduate, postgraduate and professional level. As well as offering an in-depth examination of the key areas of the corporate finance syllabus, this text incorporates interesting and topical examples, cases and illustrations, bringing real life to bear on the concepts presented, and creating a lively, engaging learning tool. An activity-based approach and a unique, approachable writing style make this textbook the perfect companion for students on introductory corporate finance modules. Online Resource Centre For students * Key learning points for each chapter * Two further mini-cases for each chapter with questions and answers * Critical Thinking / review questions * Ten self test quantitative questions with answers * Pod cast introduction to chapters * Web-based simulation game * MP3 transcripts of interviews with finance specialists For lecturers * Instructor's manual to include PowerPoint Slides with a facility to customise into a course pack * Short answer questions / answers * Suggestions for discursive questions * Tutorial solutions and case study answer outlines * Testbank of questions on different levels (to follow the case study categories - theoretical, practical, strategic, investor, reflective)

For MBA/graduate students taking a course in corporate finance. Using the unifying valuation framework based on the Law of One Price, top researchers Jonathan Berk and Peter DeMarzo set the new standard for corporate finance textbooks. Corporate Finance blends coverage of time-tested principles and the latest advancements with the practical perspective of the financial manager. With this ideal melding of the core with modern topics, innovation with proven pedagogy, Berk and DeMarzo establish the new canon in finance. The second edition reflects the constantly changing world of finance, including information on the recent financial crisis, new behavioral finance research, and updated practitioner interviews.
