Continuing PayActiv's July Theme, there are three other categories of sustainability, which PayActiv refers to as SEE Sustainability. SEE is an acronym for Social, Economic, and Environmental, the forms of "traditional" sustainability that we've heard so much about in recent years. Here is what each of those terms means to PayActiv.

Sustainability: Social, Economic, and Environmental | PayActiv

There are three interconnected spheres of sustainability that describe the relationships between the environmental, economic, and social aspects of our world. These spheres are a related set of concepts that, when taken together, can form a solid ground from which major decisions and actions can be made.
