comprehensive coverage of the subject matter through rules, strategies, and in-depth examples to help you build confidence and content mastery. In addition, the Guide contains "Check Your Skills" quizzes as you progress through the material, complete problem sets at the end of every chapter, and mixed drill sets at the end of the book to help you build accuracy and speed. All practice problems include detailed answer explanations written by top-scorers!

2015 version published on 12/29/14. Need a good way to remember that the word "prodigal" means "wasteful"? Just think of prada gal - a girl who spends all of her money on designer clothes. Brian McElroy (Harvard, '02) and Vince Kotchian (Boston College, '97), two of San Diego's most sought after test-prep tutors, provide a series of clever, unconventional, and funny memory devices aimed toward helping you to improve your vocabulary and remember words long-term so that you don't ever forget their meanings. Brian and Vince, combined, have been tutoring the test for over 20 years. They have analyzed all available official GRE tests to select the words that appear in this book. The vocabulary words in this book are best suited for students at a 9th-grade level or above. The words in this edition are specifically targeted toward the GRE exam, but they are also helpful for students who are preparing for other standardized tests such as the SAT, ACT, ISEE, SSAT, GMAT, LSAT or MCAT, or anyone at any age who simply wants to improve his/her knowledge of English vocabulary. Disclaimer: a few of our mnemonics might not be appropriate for kids – some contain adult language or situations. Over 950 of the words in this book appear in our other mnemonics book, SAT Vocab Capacity. So if you're easily offended, the SAT version might be a better choice. Why This Book Is Different If you're studying for the GRE, SAT, or for any other standardized test that measures your vocabulary, you may be feeling a little bit anxious – especially if you've taken a practice test and encountered words you didn't know (or maybe never even saw before)! Whether you have seven days or seven months to prepare for the test, you're going to want to boost your vocabulary. But it's not that simple – you've got to remember the words you learn. And on many GRE text completion and sentence equivalence questions, getting the right answer comes down to knowing the precise definition of the words. You could make vocabulary flashcards. You could look up words you don't know. You could read a book with lots of big words. But unless you give your brain a way to hold on to the words you learn, it will probably have a harder time remembering them when they appear on the test. That's the problem with most vocabulary books: the definitions and sentences in the books aren't especially memorable. That's where this book is different. We've not only clearly defined the words but we've also created sentences designed to help you remember the words through a variety of associations - using mnemonics. Mnemonic Examples A mnemonic is just a memory device. It works by creating a link in your brain to something else, so that recall of one thing helps recall of the other. This can be done in many ways – but the strongest links are through senses, emotions, rhymes, and patterns. Consider this example: Quash (verb): to completely stop from happening. Think: squash. The best way to quash an invasion of ants in your kitchen is simple: squash them. Now your brain has a link from the word quash (which it may not have known) to the word squash (which it probably knows). Both words sound and look the same, so it's easy to create a visual and aural link. If you picture someone squashing ants (and maybe get grossed out), you also have another visual link and an emotional link. Here's another example: Eschew (verb): to avoid. Think: ah-choo! Eschew people who say "ah-choo!" unless you want to catch their colds. The word eschew sounds similar to a sneeze (ah-choo!), so your brain will now link the two sounds. If you picture yourself avoiding someone who is about to sneeze in your face, even better! Again, the more connections you make in your brain to the new word, th

Please note: The content in the new Manhattan Prep GRE Math Strategies is an updated version of the math content in the Manhattan Prep GRE Set of 8 Strategy Guides. Written and recently updated by our 99th percentile GRE instructors, Manhattan Prep's GRE Math Strategies features in-depth lessons covering strategies for every math question type on the GRE. Designed with students in mind, the guide provides a framework for understanding math for the purpose of the GRE and discusses time-saving strategies specific to certain question formats, including Quantitative Comparison and Data Interpretation questions. Each chapter provides comprehensive subject matter coverage with numerous examples to help you build confidence and content mastery. Mixed drill sets help you develop accuracy and speed. All practice problems include detailed answer explanations written by top-scorers.

New 2018 Edition Your search for the best GRE vocab prep book is finally over. When you buy GRE Word List with Free CD #1 Download, you get all the 3861 words, meanings, and for most words, memorable sentence fragments. Plus, you'll also download the GRE Vocab CD #1 free of total 19 CDs. If you would like all 19 CDs as download, get this book on Amazon: <https://www.amazon.com/dp/1986551083/> Best for Who If you are an American student who is not strong in vocabulary. If you are a foreigner and English is not your first language. Why is vocabulary so very important on the GRE test? It is so important because for most people it is more difficult to memorize vocabulary than to improve math skills. So if you can memorize the high-frequency GRE words (which others find difficult) it can help you get high GRE score. Content The words are given in bold (example, the words belabor and buttress below). The meaning is given after the equal sign (=) following a word. The words are not necessarily in alphabetical order. We have used the US spellings. The British spelling of a word, when different from the US spelling, is given in bracket after BRITISH as shown for the word belabor below. USE gives a sentence fragment carefully chosen for memory. When no sentence fragment is given, a * is shown as in the word buttress below. belabor (BRITISH = belabour) = to assail verbally, to insist repeatedly or harp on USE = belabor a point buttress = support USE = * #1 Biggest Time-Wasting, Failure-Causing Advice Given by Well Meaning Teachers, Friends, and Even Parents The mistaken advice is this: Learn 10 new words daily and you'll know 3650 words in one year. The advice simply does not work because here is the fact: while most people are capable of learning 10 new words a day, but everybody forgets within a week and many forget within 24 hours. Other versions of the same advice include these: use 10 flashcards day, use a dictionary, read English novels, etc. Important: Please note that it is not your fault because it is the nature of the human mind. 2 SPECIAL FREE GIFTS Included At the end of this book are included: (1) The complete content of the book "Franklin 1853 Most Difficult GRE Words" that was sold separately on Amazon for \$2.99. (2) Download GRE Vocab CD #1 (\$9.99 value) of total 19 CDs FREE Kindle eBook: When you buy this book, you get FREE its Kindle version (digital / ebook) under Amazon's Matchbox scheme. Why is it free for you? Because we really want you to fully benefit from this book and get a higher score in GRE. Get it now for your high score in GRE Verbal. Or, download all 19 CDs with the Amazon book: Franklin GRE Audio MP3 Vocabulary Builder: Download 19 CDs with 3861 GRE Words For High GRE Verbal Score Here is the link to order it on Amazon: <https://www.amazon.com/dp/1986551083/> Makes a Great Gift for Students Many parents and grandparents give it as a gift.
