Fundamentals of Corporate Finance Canadian 6th Edition ...
Fundamentals of Corporate Finance, 12 th Edition, (PDF) by Ross, Jaffe, Westerfield, and Jordan worries the contemporary fundamentals of the theory of finance while providing modern examples to make the theory come to life. The authors meant to provide corporate finance as the working of a little number of effective and integrated instincts, instead of a collection of unassociated subjects.

Fundamentals of Corporate Finance 7e provides students with a comprehensive and applied introduction to the principles of corporate finance. This market-leading text has been substantially revised to reflect recent developments in the field, such as the impact of the Global Financial Crisis, contemporary challenges in capital budgeting and socially responsible investing. It features new local and international case studies to enhance students' understanding of the practical applications of corporate finance. A practical and engaging study tool, this new edition offers students: - step-by-step illustrations and diagrams explaining the basics - and complexities - of corporate finance - applied examples, cases and exercises built into each chapter - coverage of a wide range of topics, including perspectives and lessons from capital market history - an overview of the latest research and emerging trends in corporate finance - regionally relevant examples throughout the text to help put learning in perspective.

Fundamentals of Corporate Finance, by Brealey, Myers and Marcus, provides students with a solid framework of theory and application to use well after they complete the course. This author team is known for their outstanding research, teaching efforts, and world-renowned finance textbooks, so it's no surprise that they provide clear exposition of difficult material without sacrificing up-to-date, technically correct treatments. The seventh edition has been fully updated to reflect recent events and is now available with Connect Finance! Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

The Solutions Manual, prepared by Bruce Swensen of Adelphi University, contains solutions to all end-of chapter problems for easy reference.

Provides students with an inexpensive note-taking system that contains a reduced copy of every slide in the PowerPoint presentation.

Focus on the financial concepts, skills, and technological applications that are critical for you in today 's workplace with Ehrhardt/Brigham 's CORPORATE FINANCE: A FOCUSED APPROACH 6E. With its relevant and engaging presentation and numerous examples, you will learn the latest financial developments as you also learn how to maximize a firm 's value in today 's changing business environment. You will master the features and functions of spreadsheets by using chapter Excel Tool Kits, Build a Model problems, and Mini Cases that encourage " what-if " analysis on a real-time basis. Important Notice: Media content referenced within the product description or the product text may not be available in the eBook version.

Fundamentals of Corporate Finance was designed and developed for a first course in business or corporate finance, for both finance majors and non-majors alike. The text is nearly self-contained in terms of background or prerequisites, assuming some familiarity with basic algebra and accounting concepts, while still reviewing important accounting principles very early on. The organization of this text has been developed to give instructors the flexibility they need. The best-selling text has three basic themes that are the central focus of the book: 1) An emphasis on intuition: the authors separate and explain the principles at work on a common sense, intuitive level before launching into any specifics. 2) A unified valuation approach: net present value (NPV) is treated as the basic concept underlying corporate finance. 3) A managerial focus: the authors emphasize the role of the financial manager as a decision maker, and they stress the need for managerial input and judgment.

The number one guide to corporate valuation is back and better than ever Thoroughly revised and expanded to reflect business conditions in today's volatile global economy, Valuation, Fifth Edition continues the tradition of its bestselling predecessors by providing up-to-date insights and practical advice on how to create, manage, and measure the value of an organization. Along with all new case studies that illustrate how valuation techniques and principles are applied in real-world situations, this comprehensive guide has been updated to reflect new developments in corporate finance, changes in accounting rules, and an enhanced global perspective. Valuation, Fifth Edition is filled with expert guidance that managers at all levels, investors, and students can use to enhance their understanding of this important discipline. Contains strategies for multi-business valuation and valuation for corporate restructuring, mergers, and acquisitions Addresses how you can interpret the results of a valuation in light of a company's competitive situation Also available: a book plus CD-ROM package (978-0-470-42469-8) as well as a stand-alone CD-ROM (978-0-470-42457-7) containing an interactive valuation DCF model Valuation, Fifth Edition stands alone in this field with its reputation of quality and consistency. If you want to hone your valuation skills today and improve them for years to come, look no further than this book.

Known for its real-world examples and effective problem sets, this undergraduate corporate finance course is now in its 9th edition and includes a student resource CD-ROM, with Excel tutorials and additional practice problems. The tenth edition features InfoTrac college edition access.
