Interactive case studies and critical-thinking exercises prepare you to make the correct patient care decisions. Develop the foundation in pathology you need to recognize the signs and symptoms of the oral conditions and the manifestations of systemic diseases you'll encounter in clinical practice. Step by step, you'll learn about the etiology of each disease or condition, how to recognize it, what the diagnostic process is, how the disease progresses, and what the treatment options are.

As Oral and Maxillofacial Pathology is a dental specialty, formal recognition of the status of specialist oral and maxillofacial pathologists is the responsibility of the GDC and this allows inclusion of individuals on the Oral and Maxillofacial Pathology specialist list. The GDC delegates responsibility for the quality management of specialist training to Postgraduate Deaneries.
