Google SEO Guide for Beginner Bloggers (Updated for 2020)
SEO (Search Engine Optimization) is a combination of strategies used to increase a website ' s visibility and ranking in search engines. You can say, it is a way in which the webmasters inform the search engines about the quality of their websites, to drive more organic (non-paid) traffic by improved ranking in Search Engine Result Pages (SERPs).

SEO Guide: The Beginner's Guide To SEO (2020 Updated)
SEO is intended to rank your website higher in Google search results. It affects the organic search results. Optimisation helps Google understand what each page is about and what your page topic is. It can make crawling your website easier and help Google know what are the most important pages.

How to Rank Higher on Google an SEO Guide for Beginners
Google uses over 200 signals in scoring their search results and SEO encompasses technical and creative activities to influence and improve some of those known signals. It ' s often useful to not focus too much on individual ranking signals and look at the wider goal of Google, to provide the best answers for its users.
