Tuberculosis is the greatest killer of all time. In this century and the previous one, it was responsible for the deaths of a thousand million human beings. Half way through the 20th century, people did not believe that a cure would ever be possible, but a few scientists throughout the world each played a part in finding that cure. The discovery changed history, yet that story has never been told.

The book *Hate/Smile- The Greatest Story Never Told* is an autobiography of Neal Studzinski. The story captures the various facets and the ups and downs of the personal life of the author. The narration is casual, friendly, empathetic, and expressive, taking into account the stressful experiences of his bipolar disorder and other life problems, and how he conquers it. Neal Studzinski is a multi-talented creative mind who has shown his prowess as a marketing professional, entrepreneur, front-end developer, and writer. A business graduate from Baker College of Clinton Township, MI, Studzinski went to high school on 8 Mile and hung out with Eminem and his roommates: Robert Claus (Chedda' Bob), Mike (Manix) & Matt (Butterfingers) Ruby, and the late James Deel (Chaos Kid). He learned to walk the walk at a young age hanging out with those guys. Neal watched the formation of the groups Soul Intent and Bassmint Productions. He already knew how to talk the talk.

“What we call imagination is actually the universal library of what’s real. You couldn’t imagine it if it weren’t real somewhere, sometime.” – Terence Mckenna

Scientific theories that were once considered right and mighty were later proven wrong. This is the case even with the best and most thorough scrutiny and investigation. There is no knowing when a better scientific theory will come to replace the old. It is clear that the study of Sumerian clay tablets will continue to interest areas of science, history, archaeology, cosmology, and more, due to its

continued "effect" of encompassing studies from unrelated fields. The Sumerians were the most extraordinary people who ever lived on the face of the earth. They seemed to come from out of nowhere, and they single-handedly invented civilization when most of the rest of the world was still living in the Stone Age. What's more, they did it thousands of years before anyone else. The Sumerian civilization was already ancient when it ended in 2004 B.C., twenty centuries before Julius Caesar, sixteen centuries before Socrates, and seven centuries before Tutankhamen. The story of Jesus is well-known worldwide. But have you ever wondered if it is the true and complete story of the Savior? Could there be more to the Son of God? Author Audrey Carr addresses those questions in *The Greatest Story Never Told: An Advanced Understanding of Christianity*. She not only presents the real story of Jesus, in which he did not die on the cross, but also includes his unitary gospel of "oneness with God" that traditional Christianity has missed. Quoting from highly documented, scholarly works, this story of Jesus incorporates Judaism, Christianity, Hinduism, Buddhism, and Taoism. With details and maps of his many years in India, Carr provides a

photograph of his real tomb in Kashmir. Carr also offers information about meditation techniques he practiced, for Jesus was not a Christian but a Hindu-Buddha! "The Kingdom of Heaven" was his term for Enlightened Consciousness. Unlike other scholarly books, *The Greatest Story Never Told* is intended for the everyday person. Readers will come away with a new, meaningful, life-changing understanding of Jesus and his teachings. Carr seeks to destroy what is false and resuscitate the real truth, beyond all myths, and she reveals the connections between major religions. Spiritually uplifting and challenging, *The Greatest Story Never Told* is for anyone who is ready for an advanced understanding of Jesus and all the other God-men of the ages who have realized their divine identity.

"Lois Drake's gift for storytelling takes us on a journey for the discovery of timeless spiritual truths. Readers will love Issa!" —Paul Davids, writer and director of the film *Jesus in India* The Bible explicitly records the life of Jesus with one exception—his life between the ages of 13 and 30. Yet ancient Buddhist scripture records the life of Saint Issa, which astoundingly parallels the life of Jesus of Nazareth. Weaving together a dramatic tapestry of people, places and events, this novel envisions Jesus's life during the missing years, his journey through Asia, the power within that he had to master, and the tests of the heart he had to pass before he could change the world."
