Language Arts: Integrating Skills for Classroom Teaching provides a clear and succinct introduction to teaching the language arts to elementary students, focusing on integrating the six language arts with other subject areas. This practical, hands-on text adroitly incorporates the IRA/NCTE Standards and provides guidance on differentiating instruction to bring out the best in the rapidly growing numbers of students with special needs English Language Learners in the regular classroom.

Children are fascinated by rocks. They enjoy digging in the ground and take pleasure in finding rocks of various types. The Earth Beneath Our Feet, an Earth science unit for high-ability third and fourth graders, builds on the excitement that students have by engaging them in hands-on scientific investigations about rocks. Students begin to explore and understand the major components of rocks, the rock cycle, and the important uses of rocks. The unit works to expand the students' content knowledge by including information about weathering and the impact that various natural and man-made processes have on the ground they walk on. Grades 3-4

Incorporate writing instruction as an essential element of literacy development. Implement best practices and simplify the planning of writing instruction. This series utilizes the six traits of writing, and provide resources to support the successful writing in the classroom. Discover how to establish a daily writing workshop that includes consistent, structured instruction to engage students in the writing process.

Students will learn an organized, Four Square approach for informational writing. On assessment day, teachers cannot confer with students, and students cannot assist one another. The writer must have a method to deliver their best writing on demand. That writing needs to be organized, focused, detailed, and engaging. The writer needs a plan on assessment day, and the Four Square plan is the best way to get the job done.

Inspire students to develop as writers in the sixth grade classroom with these engaging and creative writing lessons. This classroom-tested resource shows positive results in students' writing and simplifies the planning of writing instruction. It contains detailed information on how to establish and manage daily Writer's Workshop and includes consistent, structured instruction to encourage students to actively participate in the writing process. Specific lessons to help students develop the traits of quality writing are also included.

For more than thirty years Natalie Goldberg has been challenging and cheering on writers with her books and workshops. In her groundbreaking first book, she brings together Zen meditation and writing in a new way. Writing practice, as she calls it, is no different from other forms of Zen practice—"it is backed by two thousand years of studying the mind." This thirtieth-anniversary edition includes new forewords by Julia Cameron and Bill Addison. It also includes a new preface in which Goldberg reflects on the enduring quality of the teachings here. She writes, "What have I learned about writing over these thirty years? I 've written fourteen books, and it 's the practice here in Bones that is the foundation, sustaining and building my writing voice, that keeps me honest, teaches me how to endure the hard times and how to drop below discursive thinking, to taste the real meat of our minds and the life around us."
