A set of twelve core life skills for MENA has been identified using the four-dimensional learning model:

‘ Learning to Know ’ (Cognitive Dimension), ‘ Learning to Do ’ (Instrumental Dimension), ‘ Learning to Be ’ (Individual Dimension), and ‘ Learning to Live Together ’ (Social Dimension). The twelve core life skills are life-long and build on evidence that underlines the importance of skills acquisition from an early age.

~~Life skills | UNICEF South Asia~~

Life skills are generic skills, relevant to many diverse experiences throughout life. They should be taught as such, to gain maximum impact from life skills lessons. However, for an effective contribution to any particular domain of prevention, life skills should also be applied in the context of typical risk situations. 23.
