Major problems in the era of the American Revolution, 1760...

The Gilded Age saw a rise in unhealthy and dangerous working conditions. Most factory owners and bosses were more concerned with profit than worker safety. During industrialization, the work accidents and terrible working conditions were countless To combat this, workers formed unions to fight for higher wages, better hours and safer conditions. However, unions experienced challenges and often won few victories because of the government's cooperation with business.

MAJOR PROBLEMS IN THE GILDED AGE AND THE PROGRESSIVE ERA, Third Edition, presents a carefully selected group of readings on the transformative period between 1877 and 1920 that allow students to evaluate primary sources, test the interpretations of distinguished historians, and draw their own conclusions. Covering capitalism, labor movements, the Great War, and roots of Progressive reform movements the book takes a roughly chronological approach, emphasizing themes that continue to resonate today. As part of Cengage Learning's Major Problems in American History Series, the book is designed to encourage critical thinking about history. It contains primary documents and analytical essays as well as introductions, headnotes to provide context, up-to-date bibliographies, and full document sources. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This text delves into the many facets of the colonial uprising and its aftermath, concluding with the ratification of the Bill of Rights. The volume combines primary sources, analytical essays, chapter introductions, and headnotes to encourage students to think critically about the revolutionary era.

Why are Americans so angry with each other? The United States is caught in a partisan hyperconflict that divides politicians, communities—and even families. Politicians from the president to state and local office-holders play to strongly-held beliefs and sometimes even pour fuel on the resulting inferno. This polarization has become so intense that many people no longer trust anyone from a differing perspective. Drawing on his personal story of growing up as a fundamentalist Christian on a dairy farm in rural Ohio, then as an academic in the heart of the liberal East Coast establishment, Darrell West analyzes the economic, cultural, and political aspects of polarization. He takes advantage of his experiences inside both conservative and liberal camps to explain the views of each side and offer insights into why each is angry with the other. West argues that societal tensions have metastasized into a dangerous tribalism that seriously threatens U.S. democracy. Unless people can bridge these divisions and forge a new path forward, it will be impossible to work together, maintain a functioning democracy, and solve the country's pressing policy problems.

A science-based leadership framework for building capacity and overcoming exhaustion in today ' s complex world Epidemic Leadership introduces an adaptive leadership approach designed to help you (and your followers) thrive and influence in today ' s complex age. This book provides a how-to methodology for simply and practically putting the principles of epidemic phenomena into successful practice. By understanding their function in adaptive systems and applying their organizing principles to daily work, you can lead more effectively for greater results, more agile responsiveness, and deeper vitality. Epidemic Leadership synthesizes science, stories of leadership experience, and practical technique to shape the challenge of " leading in complex environments " into a compelling field guide for leaders who seek to improve results and contribute to a healthier world. You will be inspired, challenged, and practically equipped to begin a journey toward exponential positive impact in this pivotal era. Discover a novel leadership approach that ' s particularly applicable to tackling the big problems in your workplace and world Realize better performance and enhance your ability to create results sooner and more sustainably, across a wider array of processes and topics Restore vitality in yourself and those you lead, for renewed hope, enthusiasm and engagement Companies and institutions will benefit from the deep capacities Epidemic Leadership builds. For leaders who struggle to find enough time and energy to create the impact they seek, this book offers a unique path for our challenging times.

Small Canadian cities confront serious social issues as a result of the neoliberal economic restructuring practiced by both federal and provincial governments since the 1980s. Drastic spending reductions and ongoing restraint in social assistance, income supports, and the provision of affordable housing, combined with the offloading of social responsibilities onto municipalities, has contributed to the generalization of social issues once chiefly associated with Canada ' s largest urban centres. As the investigations in this volume illustrate, while some communities responded to these issues with inclusionary and progressive actions others were more exclusionary and reactive—revealing forms of discrimination, exclusion, and " othering " in the implementation of practices and policies. Importantly, however their investigations reveal a broad range of responses to the social issues they face. No matter the process and results of the proposed solutions, what the contributors uncovered were distinctive attributes of the small city as it struggles to confront increasingly complex social issues. If local governments accept a social agenda as part of its responsibilities, the contributors to Small Cities, Big Issues believe that small cities can succeed in reconceiving community based on the ideals of acceptance, accommodation, and inclusion.
