In Mission In American

Historian Frederick Merk, in *Manifest Destiny and Mission in American History: A Reinterpretation* (1963), argued that the failure of the "All Oregon" and "All Mexico" movements indicates that manifest destiny had not been as popular as historians have traditionally portrayed it to have been. Merk wrote that, while belief in the beneficent mission of democracy was central to American history, aggressive "continentalism" were aberrations supported by only a minority of Americans, all of them ...

Manifest Destiny, in U.S. history, the supposed inevitability of the continued territorial expansion of the boundaries of the United States westward to the Pacific and beyond. Before the American Civil War (1861–65), the idea of Manifest Destiny was used to validate continental acquisitions in the Oregon Country, Texas, New Mexico, and California. The purchase of Alaska after the Civil War briefly revived the concept of Manifest Destiny, but it most evidently became a renewed force in U.S.

Manifest Destiny was the reason for the revived interest in territorial expansion. With a sense of mission, people were tempted by the boundless tracts and sparsely settled land lying just beyond the borders of their country. There was also the growing desire to develop trade with the Far East. Going West would eventually open new trade routes.

Manifest Destiny was the popularly held belief in the 19th century that US settlers were destined by God to expand the country's territory. The term was first published in the United States Magazine and Democratic Review in the summer of 1845. Historians largely agree that the article was written by the magazine's editor, John L. O'Sullivan, who stated it was the manifest destiny of the settlers to freely spread and develop the entire continent (given to them ...

Before this book first appeared in 1963, most historians wrote as if the continental expansion of the United States were inevitable. "What is most impressive," Henry Steele Commager and Richard Morris declared in 1956, "is the ease, the simplicity, and seeming inevitability of the whole process." The notion of inevitability, however, is perhaps only a secular variation on the theme of the expansionist editor John L. O'Sullivan, who in 1845 coined one of the most famous phrases in American history when he wrote of "our manifest destiny to overspread the continent allotted by Providence for the free development of our yearly multiplying millions."

Frederick Merk rejected inevitability in favor of a more contingent interpretation of American expansionism in the 1840s. As his student Henry May later recalled, Merk "loved to get the facts straight." --From the Foreword by John Mack Faragher

As the population of the 13 colonies grew and the economy developed, the desire to expand into new land increased. Nineteenth-century Americans believed it was their divine right to expand their territory from the Atlantic Ocean to the Pacific. "Manifest destiny," a phrase first used in 1839 by

journalist John O'Sullivan, embodied the belief that God had given the people of the United States a mission to spread a republican democracy across the continent. Advocates of manifest destiny were determined to carry out their mission and instigated several wars, including the war with Mexico to win much of what is now the southwestern United States. In *Manifest Destiny: Westward Expansion*, learn how this philosophy to spread out across the land shaped our nation.

When John O'Sullivan wrote in 1845, "...the right of our manifest destiny to overspread and to possess the whole

of the continent which Providence has given us for the development of Liberty and federated self-government entrusted to us", he coined a phrase that aptly describes how Americans from colonial days and into the twentieth century perceived their privileged role. Anders Stephanson examines the consequences of this idea over more than three hundred years of history, as Manifest Destiny drove the westward settlement to the Pacific, defining the stubborn belief in the superiority of white people and denigrating Native Americans and other people of color. He considers it a component in Woodrow Wilson's campaign "to make the world safe for democracy" and a strong factor in Ronald Reagan's administration.
