"This is a personal matter. Someone killed my brother. I don't like that. If the police can't take care of it, then I'll bury my own dead." Nick English meant every word, but his efforts to find his brother's killer started a chain reaction of murder and violence that would nearly end his own life. Here is a story of organized blackmail punctuated by sudden and gruesome murder. Written with the punch and speed of a rivet gun, I'll Bury My Dead confirms James Hadley Chase's reputation as a leading writer of all-action, edge-of-your-seat thrillers that demand to be read in a single sitting.

As it is clear from the title, this is my real life sexual autobiography, where I have written about my sexual encounters right from when I lost my virginity. This is Volume 01, containing 35 episodes of my real life sexual encounters. Enjoy.

Annotation In 1700, Latin America and British North America were roughly equal in economic terms. Yet over the next three centuries, the United States gradually pulled away. In 'Falling Behind', Francis Fukuyama gathers together some of the world's leading scholars on the subject to explain the nature of the gap and how it came to be.

While the nation was celebrating Independence from British Rule and singing all praises for the 'Father of The Nation' – Mahatma Gandhi, the news of his assassination came as a shock. He was shot in the chest three times while he was walking towards the prayer grounds at the Birla House, New Delhi. The man behind the assassination – Nathuram Godse was a well known nationalist. He was arrested at the crime scene and sentenced to death after a year long trial. The book contains the final speech given by Godse in the court, mentioning the reason behind the drastic step he took.

Everything you wanted to know about sex and love in Islam, but were hesitant to ask about: polygamy, contraception allowed by Sharia, oral and group sex, homosexual marriages and also the relationship with jinns, masturbation and mysteries of martial relations - all that is allowed and all that is prohibited in sexual relations in this noble and pure religion. Many people both in the West and Russia continue to have a mistaken illusion that love, sex and variability of relations between man and woman are either suppressed in Islam or in contrary exceed all norms of decency. the book is an insight into this matter. The Muslim man is perceived as an ideal type of an always ready sexual partner. Love and Sex in Islam lifts the veil covering the delicate theme, in which the phenomena seeming incompatible turn out to be good neighbors.

REA's NCLEX-PN Flashcards Are Indispensable! Hundreds of Must-Study Questions and Answers! REA's Interactive Flashcard® book for the NCLEX-PN exam helps nursing students check their test-readiness before taking this all-important exam. Our flashcard book is the perfect on-the-go study supplement and offers a quick and convenient way to practice answering questions. Written by an experienced RN, these flashcards give students full scenarios to evaluate in a multiple-choice format, just like the actual test. This recommended study aid contains more than 350 must-study questions that cover all official test categories found on the NCLEX, with detailed explanations of answers. The book also provides fascinating fun facts about the medical/nursing profession and its history. Unlike most flashcards that come loose in a box, our flashcards are bound in an organized, compact book that makes studying a breeze. Nursing students can write their answer on the front of the card, and then compare it to the answer on the back of the card. This concise question and answer format makes it easy to find the right answer, and we even give details explaining why the answer is correct. Fully indexed for smarter study, this book is the perfect way to study for the NCLEX-PN exam!

If, as David Guss argues, culture is a contested terrain with constantly changing contours, then festivals are its battlegrounds, where people come to fight and dispute in large acts of public display. Festive behavior, long seen by anthropologists and folklorists as the "uniform expression of a collective consciousness, is contentious and often subversive," and The Festive State is an eye-opening guide to its workings. Guss investigates "the ideology of tradition," combining four case studies in a radical multisite ethnography to demonstrate how in each instance concepts of race, ethnicity, history, gender, and nationhood are challenged and redefined. In a narrative as colorful as the events themselves, Guss presents the Afro-Venezuelan celebration of San Juan, the "neo-Indian" Day of the Monkey, the mestizo ritual of Tamunangue, and the cultural policies and products of a British multinational tobacco corporation. All these illustrate the remarkable fluidity of festive behavior as well as its importance in articulating different cultural interests.
