Midnight's Children is a 1981 novel by author Salman Rushdie. It portrays India's transition from British colonialism to independence and the partition of India. It is considered an example of postcolonial, postmodern, and magical realist literature.

Midnight's Children - Wikipedia

Saleem Sinai was born at midnight, the midnight of India's independence, and found himself mysteriously "handcuffed to history" by the coincidence. He is one of 1,001 children born at the midnight hour, each of them endowed with an extraordinary talent—and whose privilege and curse it is to be both master and victims of their times.

Midnight's Children by Salman Rushdie - Goodreads

First and foremost, "Midnight's Children" is a suitably epic and pointed look at post independence India, Pakistan and Bangladesh, as viewed through the

Salman Rushdie's *Midnight's Children* is a 1981 magical realism novel revolving around India's independence. The novel is semi-autobiographical, though the main character and Rushdie stand-in has magical powers.

Midnight's Children Summary | SuperSummary

In fact, Saleem and 580 other "midnight children" born at that moment grow up to find themselves equipped with powers of telepathic communication, foresight, and heightened individual sensoria: Saleem's particular gift is a "cucumber" of a nose with which he goes through life literally smelling change.

MIDNIGHT'S CHILDREN | Kirkus Reviews

Directed by Colin Bucksey. With Marcy Walker, Cotter Smith, Olivia d'Abo, Elisabeth Moss. Kate and her artist husband are busy working parents. Everything seems to be going fine, going about their daily lives. Then, Anna, the Swedish nanny that Kate hired to care for their daughter, comes into their lives. She tells Christina odd stories, and dazzles her with gifts and her strange picture book.

Midnight's Child (TV Movie 1992) - IMDb

Saleem laments his birthday. He knows that 1,001 children were born at midnight ten years earlier, but only 581 children lived to see their tenth birthday with him. Ahmed is becoming more despondent as he continues to lose money, regardless of how hard he tries. Book Two: At the Pioneer Cafe

Midnight's Children Summary | GradeSaver

Picture this: It's 1981 when Salman Rushdie releases his second novel, *Midnight's Children*. Rushdie has absolutely no reason to think *Midnight's Children* will do well, since his first novel, *Grimus*, was a science-fiction flop. The new novel is different, though. It's a semi-autobiographical novel about a kid named Saleem.

The 30-year tale of the intertwining lives of two people switched at birth in a Bombay hospital on the day India declares independence from Britain.

Saleem Sinai is born at the stroke of midnight on August 15, 1947, the very moment of India's independence. Greeted by fireworks displays, cheering crowds, and Prime Minister Nehru himself, Saleem grows up to learn the ominous consequences of this coincidence. His every act is mirrored and magnified in events that sway the course of national affairs; his health and well-being are inextricably bound to those of his nation; his life is inseparable, at times indistinguishable, from the history of his country. Perhaps most remarkable are the telepathic powers linking him with India's 1,000 other "midnight's children," all born in that initial hour and endowed with magical gifts. This novel is at once a fascinating family saga and an astonishing evocation of a vast land and its people—a brilliant incarnation of the universal human comedy. *Midnight's Children* stands apart as both an epochal work of fiction and a brilliant performance by one of the great literary voices of our time.

The original stage adaptation of Salman Rushdie's *Midnight's Children*, winner of the 1993 Booker of Bookers, the best book to win the Booker Prize in its first twenty-five years. In the moments of upheaval that surround the stroke of midnight on August 14--15, 1947, the day India proclaimed its independence from Great Britain, 1,001 children are born--each of whom is gifted with supernatural powers. *Midnight's Children* focuses on the fates of two of them--the illegitimate son of a poor Hindu woman and the male heir of a wealthy Muslim family--who become inextricably linked when a midwife switches the boys at birth. An allegory of modern India, *Midnight's Children* is a family saga set against the volatile events of the thirty years following the country's independence--the partitioning of India and Pakistan, the rule of Indira Gandhi, the onset of violence and war, and the imposition of martial law. It is a magical and haunting tale, of fragmentation and of the struggle for identity and belonging that links personal life with national history. In collaboration with Simon Reade, Tim Supple and the Royal Shakespeare Society, Salman Rushdie has adapted his masterpiece for the stage.

The aim of this series is to provide accessible and informative introductions to the most popular, most acclaimed and most influential novels of recent years.

Using a wide range of legal, administrative and literary sources, this study explores the role of the royal pardon in the exercise and experience of authority in Tudor England. It examines such abstract intangibles as power, legitimacy, and the state by looking at concrete life-and-death decisions of the Tudor monarchs. Drawing upon the historiographies of law and society, political culture, and state formation, mercy is used as a lens through which to examine the nature and limits of participation in the early modern polity. Contemporaries deemed mercy as both a prerogative and duty of the ruler. Public expectations of mercy imposed restraints on the sovereign's exercise of power. Yet the discretionary uses of punishment and mercy worked in tandem to mediate social relations of power in ways that most often favoured the growth of the state.

The life of a man born at the moment of India's independence becomes inextricably linked to that of his nation and is a whirlwind of disasters and triumphs that mirror modern India's course.

Neil Ten Kortenaar examines the key critical concepts associated with contemporary postcolonial theory, including hybridity, mimicry, national allegory, and cosmopolitanism, through a close reading of Salman Rushdie's 'Midnight's Children'.

After drinking an elixir that bestows immortality upon him, a young Indian named Flapping Eagle spends the next seven hundred years sailing the seas with the blessing—and ultimately the burden—of living forever. Eventually, weary of the sameness of life, he journeys to the mountainous Calf Island to regain his mortality. There he meets other immortals obsessed with their own stasis and sets out to scale the island's peak, from which the mysterious and corrosive Grimus Effect emits. Through a series of thrilling quests and encounters, Flapping Eagle comes face-to-face with the island's creator and unwinds the mysteries of his own humanity. Salman Rushdie's celebrated debut novel remains as powerful and as haunting as when it was first published more than thirty years ago.

This Volume Brings Together Ten Essays On *Midnight's Children* (1980) And An Interview With Salman Rushdie That Discuss This Seminal Novel From Different Perspectives. Rushdie's Innovative Use Of History And Memory, His Experiments With Language And Narrative Mode, The Novel's Status As The Paradigmatic Postcolonial Text, Its Inter-Textuality And Self-Reflexivity, The Influences On The Novel As Well As Its Influence On Subsequent Novels, The Author's Relationship With India As An Insider-Outsider Are Some Of The Many Issues Explored By The Critics.

This thesis examines the multivalent use of schizophrenia as a literary trope in Salman Rushdie's *Midnight's Children* in two ways: through descriptions of character embodiment and psychology and through the paradoxical relationship between magical realism and magical thinking. Rushdie's exterior illustrations and interior representations of schizophrenia are explored using theories of embodiment and disability typologies of representation in showing the prevalence and purpose (as well as the unintended effects) of representations of schizophrenia in this text. Key words: schizophrenia embodiment magical realism magical thinking unintended effects disability typologies
