The seventh book in the NYT bestselling Expanse series, Persepolis Rising finds an old enemy returning home with more power and technology than anyone thought possible, and the crew of the aging gunship Rocinante tries to rally forces against the new invasion. HUGO AWARD WINNER FOR BEST SERIES An old enemy returns. ? In the thousand-sun network of humanity's expansion, new colony worlds are struggling to find their way. Every new planet lives on a knife edge between collapse and wonder, and the crew of the aging gunship Rocinante have their hands more than full keeping the fragile peace. In the vast space between Earth and Jupiter, the inner planets and belt have formed a tentative and uncertain alliance still haunted by a history of wars and prejudices. On the lost colony world of Laconia, a hidden enemy has a new vision for all of humanity and the power to enforce it. New technologies clash with old as the history of human conflict returns to its ancient patterns of war and subjugation. But human nature is not the only enemy, and the forces being unleashed have their own price. A price that will change the shape of humanity -- and of the Rocinante -- unexpectedly and forever. . . The fourth book in the NYT bestselling Expanse series, Cibola Burn sees the crew of the Rocinante on a new frontier, as the rush to colonize the new planets threatens to outrun law and order and give way to war and chaos. Now a Prime Original series. HUGO AWARD WINNER FOR BEST SERIES Enter a new frontier. ? "An empty apartment, a missing family, that's creepy. But this is like finding a military base with no one on it. Fighters and tanks idling on the runway with no drivers. This is bad juju. Something wrong happened here. What you should do is tell everyone to leave." The gates have opened the way to a thousand new worlds and the rush to colonize has begun. Settlers looking for a new life stream out from humanity's home planets. Ilus, the first human colony on this vast new frontier, is being born in blood and fire. Independent settlers stand against the overwhelming power of a corporate colony ship with only their determination, courage, and the skills learned in the long wars of home. Innocent scientists are slaughtered as they try to survey a new and alien world. The struggle on Ilus threatens to spread all the way back to Earth. James Holden and the crew of his one small ship are sent to make peace in the

midst of war and sense in the midst of chaos. But the more he looks at it, the more Holden thinks the mission was meant to fail. And the whispers of a dead man remind him that the great galactic civilization that once stood on this land is gone. And that something killed it. The first book in the revolutionary New York Times bestselling Expanse series, a modern masterwork of science fiction. Leviathan Wakes introduces Captain James Holden, his crew, and Detective Miller as they unravel a horrifying solar system wide conspiracy that begins with a single missing girl. Now a Prime Original series. Humanity has colonized the solar system - Mars, the Moon, the Asteroid Belt and beyond - but the stars are still out of our reach. Jim Holden is XO of an ice miner making runs from the rings of Saturn to the mining stations of the Belt. When he and his crew stumble upon a derelict ship, the Scopuli, they find themselves in possession of a secret they never wanted. A secret that someone is willing to kill for - and kill on a scale unfathomable to Jim and his crew. War is brewing in the system unless he can find out who left the ship and why. Detective Miller is looking for a girl. One girl in a system of billions, but her parents have money and money talks. When the trail leads him to the Scopuli and rebel sympathizer Holden, he realizes that this girl may be the key to everything. Holden and Miller must thread the needle between the Earth government, the Outer Planet revolutionaries, and secretive corporations - and the odds are against them. But out in the Belt, the rules are different, and one small ship can change the fate of the universe. "Interplanetary adventure the way it ought to be written." - George R. R. Martin The Expanse Leviathan Wakes Caliban's War Abaddon's Gate Cibola Burn Nemesis Games Babylon's Ashes Persepolis Rising Tiamat's Wrath The Expanse Short Fiction The Butcher of Anderson Station Gods of Risk The Churn The Vital Abyss Strange Dogs Auberon

Based on the bestselling books and tying into the hit television series, THE EXPANSE ORIGINS reveals the untold origins of the crew members of The Rocinante. As interplanetary tensions reach an all-time high, the crew of The Rocinante finds themselves at the center of a conflict that threatens to destroy all of human civilization. But before they were heroes, each member of the crew faced moments that would come to define them and brought them one step closer to the ship they now call home.

The eighth book in the NYT bestselling Expanse series, Tiamat's Wrath finds the crew of the Rocinante fighting an underground war against a nearly invulnerable authoritarian empire, with James Holden a prisoner of the enemy. Now a Prime Original series. Thirteen hundred gates have opened to solar systems around the galaxy. But as humanity builds its interstellar empire in the alien ruins, the mysteries and threats grow deeper. In the dead systems where gates lead to stranger things than alien planets, Elvi Okoye begins a desperate search to discover the nature of a genocide that happened before the first human beings existed, and to find weapons to fight a war against forces at the edge of the imaginable. But the price of that knowledge may be higher than she can pay. At the heart of the empire, Teresa Duarte prepares to take on the burden of her father's godlike ambition. The sociopathic scientist Paolo Cortázar and the Mephistophelian prisoner James Holden are only two of the dangers in a palace thick with intrigue, but Teresa has a mind of her own and secrets even her father the emperor doesn't guess. And throughout the wide human empire, the scattered crew of the Rocinante fights a brave rear-guard action against Duarte's authoritarian regime. Memory of the old order falls away, and a future under Laconia's eternal rule -- and with it, a battle that humanity can only lose -- seems more and more certain. Because against the terrors that lie between worlds, courage and ambition will not be enough... The sixth novel in James S.A. Corey's New York Times bestselling Expanse series--now a new original series from the Syfy Channel, coming December 14th 2015. The final war has started. The protomolecule, fairly quiescent since the opening of the gates, has identified its enemy and is arming itself for battle. Humanity is at most a tool in its post-human arsenal. When people, ships, and even places begin to disappear, Holden and the crew of the Rocinante have to face the fact that the thing they've been hauling through the depths of space only appears to be Detective Miller. The time when the protomolecule's agenda and humanity's overlapped has passed. As the protomolecule takes control of the ancient networks and relays, the final battle begins. Holden and his allies are faced with the decision of whether to blow the gates, trapping humanity in beads of disconnected worlds, or engage in a battle that they can only lose no matter who wins.

"A futuristic fantasy in which the fate of the world's energy source is in the hands of a prince and princess who are rivals"--

The second book in the NYT bestselling Expanse series, Caliban's War shows a solar system on the brink of war, and the only hope of peace rests on James Holden and the crew of the Rocinante's shoulders. Now a Prime Original series. We are not alone. On Ganymede, breadbasket of the outer planets, a Martian marine watches as her platoon is slaughtered by a monstrous supersoldier. On Earth, a high-level politician struggles to prevent interplanetary war from reigniting. And on Venus, an alien protomolecule has overrun the planet, wreaking massive, mysterious changes and threatening to spread out into the solar system. In the vast wilderness of space, James Holden and the crew of the Rocinante have been keeping the peace for the Outer Planets Alliance. When they agree to help a scientist search war-torn Ganymede for a missing child, the future of humanity rests on whether a single ship can prevent an alien

invasion that may have already begun . . .
