Relational Leadership Theory: Exploring the Social ...

In 2015, Megan Reitz, a professor specialising in leadership, wrote the book 'Dialogue in Organizations', in which she describes the Relational Leadership Theory (RLT) that further explains the social processes of leadership within organisations. She investigates how relationships at work affect people and how this helps and hinders people in their ambitions in becoming the people they want

What is the Relational Leadership Theory? Practically ...

Relational leadership requires a way of engaging with the world in which the leader holds herself/himself as always in relation with, and therefore morally accountable to others; recognizes the inherently polyphonic and heteroglossic nature of life; and engages in relational dialogue.

LEADERSHIP, GENDER, AND ORGANIZATION

Relational work is the ability to create, sustain, and effectively manage relationships with staff, patients and families, peers, interdisciplinary colleagues, and organization executives. 1 It's impossible to become an expert leader without successfully mastering the skills of interpersonal engagement, and only through authentic connection can nurse managers create trust and influence clinical nurses to do the arduous work that their roles require.
