Microsoft Remote Desktop Services, or RDS for short, is a complete platform for remote application delivery, on-premises or in the cloud. Several well-known products like Citrix XenApp, VMware Horizon and Parallels RAS use RDS as their foundation. This book covers everything you need to know to deploy a properly configured Microsoft RDS environment, based on Windows Server 2012 R2 and up, using the Remote Desktop Session Host as the platform where the users' applications will run. Deploying, managing, troubleshooting, monitoring, printing, connecting, every single item is there, explained in very detailed step-by-step guides by long time Microsoft MVPs for Remote Desktop, Cláudio Rodrigues and Freek Berson. If you are considering migrating from Citrix or other competing products and you want to learn everything about RDS and more than that, learn it the right way, this is the book for you.

Covers Powershell V2, Bitlocker, and mobility issues Includes comprehensive details for configuration, deployment, and troubleshooting Consists of content written for system administrators by system administrators

In Simple term “ RDP is a short form of Remote Desktop Protocol, it works as an icon to get in touch with an additional computer system, usually, it is utilized for attaching to a server organized in a data center to carry out jobs that typically do not need much user interaction and runs 24/7. ” .Several of the extra usual uses of RDP servers are running bots, SEO devices, bitcoin mining, on-line video clip streaming, and running forex trading software and so on. Most RDP servers ’ providers that provide free services during trial period will request debit/credit card information, which is risky for us as they can claim any payment from the card. So that encouraged me to search for RDP services providers that can provide services during free trial period without requesting credit/debit card information. This report will investigate the possible ways to get free RDP server account or RDP server account at lowest cost. The report will consist from the following parts: 1. Some RDP Services Providers with free trials 2. Some RDP servers providers that sell RDP with Credit Card, Debit Card, Bitcoin, PayPal or other E-wallets 3. Getting free RDP from freerdpserver.com 4.
