Roof and in-rack systems are particularly effective in protecting against fires in [high bay] type warehouses. In-rack sprinklers are usually protected from

Read Book Sprinkler Protection For High Bay

Automated Storage racks are fitted with damage by a wire guard and are fitted with water shields to protect them from water if sprinklers at higher levels operate. ESFR (Early Suppression Fast Response) sprinklers are suppression mode sprinklers, designed to reduce a fire as fast as possible using an aggressive large drop spray.
