How do I enable developer options?

The Triathlete Guide to Sprint and Olympic Triathlon Racing will help you discover the speed, thrill, and challenge of triathlon ' s most popular race distances. Not everyone has time to train for long-course triathlons. By pursuing triathlon ' s shorter distances, you can enjoy all the total body fitness benefits of the swim-bike-run sport and discover the unique challenges of short-course racing—all while enjoying a life outside of training. This complete guide from former pro triathletes Chris Foster and coach Ryan Bolton shares all the know-how you need to find speed and enjoy successful racing in sprint and Olympic-distance triathlons. Foster, now the Senior Editor of Triathlete magazine, shares his pro advice for how to set a smart race strategy, how to master triathlon pacing, how to execute fast transitions, how to train to improve your weakness and race to your strengths. Bolton offers smart, effective sprint and Olympic triathlon training plans so you can get started right away, no matter your background. Sprint and Olympic triathlons are triathlon ' s most popular distances for good reasons. Experienced triathletes returning to the short course will enjoy a break from long, slow hours of training and rediscover the joy of speed. Active people looking for a new challenge can jump right into triathlon ' s most beginner-friendly distances. The Triathlete Guide to Sprint and Olympic Triathlon Racing makes it simple to get back up to speed in the world ' s most rewarding endurance sport.

If you've got your hands on this year's hottest new smartphone, you'll want the book that covers it inside and out: Palm Pre: The Missing Manual. This beautiful, full-color book from USA Today personal-technology columnist Ed Baig will help you go from newcomer to expert in no time. The maker of the legendary Palm Pilot is back on center stage with a smartphone that lets you browse the Web, listen to music, watch video, view pictures, and a lot more. Palm Pre: The Missing Manual provides you with everything you need to know to get the most out of this amazing mobile tool. Get to know the touchscreen, and learn to navigate by tapping, swiping, dragging, flicking, and pinching Link your contacts, merge calendars, combine email accounts, and more by syncing your phone over the Web Stay in touch with other people by using the Pre as a full-featured phone and organizer Use it for email, texting, chatting, and as an efficient web browser Take advantage of the Pre as a complete media center to store, sort, play, stream music and video, and sync with iTunes Take and view photos, import images, and share them with others

Provides information on wireless networking, covering such topics as 802.11 standards, hotspots, and setting up a wireless network.

cameras, make FaceTime calls, sync with a computer, connect to the Internet using a Wi-Fi or 3G network, link up with Bluetooth devices, mirror video, and search using Spotlight. This practical, approachable guide by Apple guru Jeff Carlson will quickly help you get the most out of your iPad 2!

The electronic age is bringing sweeping changes to entertainment and media of all kinds, including publishing, broadcasting and film. Multimedia, the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate. Media giants are merging and making big acquisitions. This book covers these exciting developments and provides profiles on hundreds of leading firms in film, radio, television, cable, new media, and publishing of all types including books, magazines and newspapers. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. You'll get in-depth profiles of nearly 400 of the world's top Entertainment & Media firms: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the Entertainment and Media Business, from broadcasters to film production companies, casino operators to theme park companies, publishers of books and magazines to video game designers, and much more. Our corporate profiles include executive contacts, growth plans, financial records, address, phone, fax and much more. This innovative book offers unique information, all indexed and cross-indexed more for each firm! Our industry analysis section provides an exceptional discussion of business and market trends. The book includes statistical tables covering revenues for several industry sectors. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key data.

The iPad is a game-changing product that reinvented the way we interact with digital content and the Web. Versatile, portable, powerful, ergonomically and functionally designed, it's the perfect companion for digital media. With Photos, music, movies, email, and hundreds of thousands of apps, the iPad helps you organize, explore, and maximize your digital world. The new iPad 2 includes a thinner/lighter design, a faster chip and superfast graphics performance, two cameras for Facetime video calling, hardware improvements, video mirroring, and much more. Inexpensive and to-the-point, The iPad 2 Pocket Guide is a complete companion to all the features and functions of the iPad including: Facetime, HD Video, Mail, Safari, Photos and Video, App Store, iBooks, Maps, Notes, Calendar, Contacts, and more. It will help you get up-and-running with easy to understand instructions and then show you hidden gems and tips to make you a true iPad expert.

From three design partners at Google Ventures, a unique five-day process--called the sprint--for solving tough problems using design, prototyping, and testing ideas with customers.

Despite Apple's legendary ease of use, the iPad presents many users with a challenge. Its unique design, operating system, and applications--among other things--can be confounding to the very business people who would find it beneficial. The primary audience for this ebook is business people working in a corporate environment who have been issued an iPad by their employer and are looking to integrate the low-cost iPad into their workflow. Topics covered include syncing the iPad with Windows-based devices, working with spreadsheets, developing and presenting slideshows, app recommendations, and more.
