"Swink" is book 5 in the Landry Family Series. It can be read and enjoyed as a standalone, however it's a much richer experience if you've read the other four. This series is one of my favorite so far. The family interactions as well as the personal growth of each character keeps me coming back for more.

Swink is the final book in the Landry Family Series, and this news is bittersweet. It may be the end of the series but it is not the last we will see of the Landry Family. The Gibson Boys Series is coming soon and it begins with none other than Sienna Landry! I for one cannot wait to read it.

I am a big fan of this series which focus' on a couple and successive books have updates on the prior couples, so they can be read as a standalone.

Swink (Landry Family Series #5) by Adriana Locke. I'm that guy. Camilla Landry rustles against me, the silky fabric of her overpriced lingerie slipping along my bruised rib. The porcelain perfection of her skin is even more innocent against the colorful ink dotting my own. It's demure meets damaged, pampered meets punctured.
