The Art of Dead Space is a wonderful concept art book for the chilling game series. It has 192 pages and a hardcover with a nice matte surface going on. The book collects art from all the three games so far. Squeezing three games into 192 pages means that some artworks could not be included.

The one thing I ' ve always liked about the publisher, Titan books, is that they include substantial paragraphs from the artists explaining why things were designed the way they were and why some ideas were scraped.
