**Definition:** A business owner is the legal proprietor of a business. An individual or group that owns the assets of a firm and profits from them. What Does Business Owner Mean? The owner can be the same person who directs the business and controls its day-to-day processes or he can choose to have a Manager for that purpose, or even name a Board of Directors to do it.

1. Review reward packages With an eye on the new 50 per cent personal income tax rate and the restriction of personal allowances already in place and the higher rates of Employee's National Insurance (NI) coming in from April 5, 2011, business owners should aim for a tax-efficient mix of salary, dividends, bonuses and benefits including share award schemes.

Business Owners are a small group of stakeholders who have the primary business and technical responsibility for governance, compliance, and return on investment (ROI) for a Solution developed by an Agile Release Train (ART). They are key stakeholders on the ART who must evaluate fitness for use and actively participate in certain ART events.
