We use the term ‘Human Venture’ to indicate the importance of drawing on the larger developmental patterns associated with our species’ development. It’s only when we join the instances of life into some kind of coherent pattern that we can understand the vector – discern what life progress is and what it is not – and actively begin to shape our development so that it’s moving in the direction of wisdom.

Home - The Human Venture

Human Ventures is a business creation platform. We go beyond the business model to build and invest in Model Businesses with ambitious founders who are innovating around Human Needs. By unlocking access to a powerful network of founders, investors and corporate partners, we are creating a blueprint for the future of business to be built on purpose.

Human Ventures

This fifth edition of The Human Venture, like its predecessors, attempts to provide a historical background to the changing world of today. Like earlier editions, this one tries to offer a genuinely global perspective, rather than a European history with add-ons about other cultures.

The Human Venture: On Raising the Bid PAUL SPONHEIM Luther-Northwestern Theological Seminary, St. Paul, Minnesota I. The eight articles in this issue come together to reflect and suggest a new agenda for Christian thinking about the relationship between God and humankind. A familiar and an

The Human Venture: On Raising the Bid

In our Human Venture Leadership programs, we define the Human Venture as “a continuous flow of learning and development...building on and extending the adaptive capacities of previous generations and passing them on to the next.” The human venture is “opposed by forces that run through all societies and human nature, bio-social and cultural forces and structures that constrain adaptive learning, limiting horizons of caring, understanding and responsibility.

Stephane Hessel, The French Resistance, and the Human Venture

Description. An understanding of the history of the world—and understanding why this knowledge is important—has become essential for today's students. Benefiting from the unifying viewpoint of a single author, this lively two-volume narrative tells the story of human events on the move—the exciting event history of wars and politics, booms and busts, the rise and fall of empires, and more.
