The plan is that by wearing masks, everyone will be saved from the King in Yellow's inevitable appearance. But the King in Yellow easily thwarts the Phantom of Truth, and he thereafter declares that everyone must wear a mask as well as the yellow sign, a squiggly three-armed symbol. Sometimes Hastur is described as the King in Yellow, sometimes he's described as the Phantom of Truth, and sometimes he looks an awful lot like Cthulhu.

The King in Yellow is a rather surreal collection of short stories by Robert W. Chambers published in 1895. The stories are scattered all over the map between horror and romance, but all generally have ties to France as a setting, the later ones moving more and more into romance and increasingly starring artists.

The King in Yellow is a book of short stories by American writer Robert W. Chambers, first published by F. Tennyson Neely in 1895. The book is named after a fictional play with the same title which recurs as a motif through some of the stories.

Toward the end of the year 1920 the Government of the United States had practically completed the programme, adopted during the last months of President Winthrop's administration. The country was apparently tranquil. Everybody knows how the Tariff and Labour questions were settled. The war with Germany, incident on that country's seizure of the Samoan Islands, had left no visible scars upon the republic, and the temporary occupation of Norfolk by the invading army had been forgotten in the joy over repeated naval victories, and the subsequent ridiculous plight of General Von Gartenlaube's forces in the State of New Jersey. The Cuban and Hawaiian investments had paid one hundred per cent and the territory of Samoa was well worth its cost as a coaling station. The country was in a superb state of defence. Every coast city had been well supplied with land fortifications; the army under the parental eye of the General Staff, organized according to the Prussian system, had been increased to 300,000 men, with a territorial reserve of a million; and six magnificent squadrons of cruisers and battle-ships patrolled the six stations of the navigable seas, leaving a steam reserve amply fitted to control home waters. The gentlemen from the West had at last been constrained to acknowledge that a college for the training of diplomats was as necessary as law schools are for the training of barristers; consequently we were no longer represented abroad by incompetent patriots. The nation was prosperous; Chicago, for a moment paralyzed after a second great fire, had risen from its ruins, white and imperial, and more beautiful than the white city which had been built for its plaything in 1893. Everywhere good architecture was

replacing bad, and even in New York, a sudden craving for decency had swept away a great portion of the existing horrors. Streets had been widened, properly paved and lighted, trees had been planted, squares laid out, elevated structures demolished and underground roads built to replace them. The new government buildings and barracks were fine bits of architecture, and the long system of stone quays which completely surrounded the island had been turned into parks which proved a god-send to the population. The subsidizing of the state theatre and state opera brought its own reward. The United States National Academy of Design was much like European institutions of the same kind. Nobody envied the Secretary of Fine Arts, either his cabinet position or his portfolio. The Secretary of Forestry and Game Preservation had a much easier time, thanks to the new system of National Mounted Police. We had profited well by the latest treaties with France and England; the exclusion of foreign-born Jews as a measure of self-preservation, the settlement of the new independent negro state of Suanee, the checking of immigration, the new laws concerning naturalization, and the gradual centralization of power in the executive all contributed to national calm and prosperity. When the Government solved the Indian problem and squadrons of Indian cavalry scouts in native costume were substituted for the pitiable organizations tacked on to the tail of skeletonized regiments by a former Secretary of War, the nation drew a long sigh of relief. When, after the colossal Congress of Religions, bigotry and intolerance were laid in their graves and kindness and charity began to draw warring sects together, many thought the millennium had arrived, at least in the new world which after all is a world by itself.

The King in Yellow is a book of short stories by the American writer Robert W. Chambers, first published by F. Tennyson Neely in 1895.

'No one does the darker side of surreal better than this man.' - Laird Barron Nearly two decades before True Detective helped popularize The King in Yellow, Joseph S. Pulver, Sr. was writing poetic tales based upon Robert W. Chambers' King in Yellow. Collected within this substantial volume of madness, murder, and spectral tragedy are tales of Carcosa, the characters that inhabit the KIY Play, and Chambers' cosmic horror. Pulver's tales adhere to Chambers' core ideas and themes, and they retain all the mystery of Chambers originals. Joseph S. Pulver, Sr. has been acclaimed by many notable editors, writers, and reviewers, as the contemporary heir to Robert W. Chambers' King in Yellow. Have you seen the Yellow Sign? 'The King In Yellow reigns over the labyrinthine crossroads between the grand indifference of the cosmic Outside, and the inner wasteland of the tormented mind, so it's no surprise to find Joe Pulver's saturnine face so frequently behind the Pallid Mask. Joe plies the fathomless depths of existential nightmare breathing music and poetry, and brings back strangely beautiful salvage. That he has so lovingly and deeply explored Chambers' bizarre pocket universe without destroying the merest scintilla of its mystery is ample testament to his painfully sharp craftsmanship and terrible wisdom." - Cody Goodfellow, Radiant Dawn

A milestone of American supernatural fiction, The King in Yellow created a sensation upon its 1895 publication. Since then, it has markedly influenced writers in the genre, most famously, H. P. Lovecraft. Author Robert W. Chambers has been hailed as a writer of remarkable imaginative powers and the historic link between Edgar Allan Poe and Stephen King. This edition features 12 of his gripping stories and was edited by a noted authority on supernatural fiction, E. F. Bleiler, who provides an informative introduction.

A beautiful gift edition of this cult classic of supernatural fiction, out in time for Christmas.

The stories in this book evoke a tracery of evil rarely rivaled in horror writing. They represent

the whole evolving trajectory of such notions as Hastur, the King in Yellow, Carcosa, the Yellow Sign, the Black Stone, Yuggoth, and the Lake of Hali. A succession of writers from Ambrose Bierce to Ramsey Campbell and Karl Edward Wagner have explored and embellished these concepts so that the sum of the tales has become an evocative tapestry of hypnotic dread and terror, a mythology distinct from yet overlapping the Cthulhu Mythos. Here for the first time is a comprehensive collection of all the relevant tales.

Ten twisted tales that have haunted generations of readers and writers from H. P. Lovecraft to the creators of the hit TV series True Detective Nightmare imagery courses through these stories like blood through the veins. In "The Repairer of Reputations," a Lethal Chamber stands at the edge of Washington Square Park, open to all who can no longer bear the sorrows of life. A Parisian sculptor discovers a liquid solution that can turn any living thing—a lily, a goldfish, a love-struck young woman—to stone in "The Mask." The unnamed narrator of "In the Court of the Dragon" seeks respite in a church only to be driven mad by organ music that no one else can hear. Nothing is stranger or more frightening, however, than The King in Yellow, the play that links these tales to one another and to a larger fictional universe containing the ghost stories of Ambrose Bierce, the cosmic horror of H. P. Lovecraft, and the first season of the critically acclaimed HBO series True Detective. Said to induce insanity and despair in those who read it, little is known for certain about the play beyond the ravings of those who have dared to open its pages. They speak of Carcosa, where black stars hang in the heavens. Of twin suns sinking into the Lake of Hali. Of the Yellow Sign and the Pallid Mask. And, in dread-filled whispers or lunatic shouts, of the King in Yellow himself, come to rule the world. A masterpiece of weird fiction, Robert W. Chambers's The King in Yellow holds the answer to countless mysteries—some of which might just be better left unsolved. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

This massive collection brings together the entire body of Robert W. Chambers' weird fiction works including material unprinted since the 1890's. Chambers is a landmark author in the field of horror literature because of his King in Yellow collection. That book represents but a small portion of his weird fiction work, and these stories are intimately connected with the Cthulhu Mythos -- introducing Hali, Carcosa, and Hastur. Short stories from The King in Yellow, The Maker of Moons, The Mystery of Choice, The Tracer of Lost Persons, The Tree of Heaven, and two complete books, In Search of the Unknown and Police!!! This book contains all the immortal tales of Robert W. Chambers, including "The Repairer of Reputations," "The Yellow Sign," and "The Mask." These titles are often found in survey anthologies. In addition to the six stories reprinted from The King in Yellow (1895), this book also offers more than two dozen other stories and episodes, about 650 pages in all. These narratives rarely have appeared in print. Some have not been published in nearly a century. A Chambers novel, The Slayer of Souls (1920), is not included in this short story collection.

That evening I took my usual walk in Washington Park, pondering over the occurrences of the day. I was thoroughly committed. There was no back out now, and I stared the future straight in the face. I was not good, not even scrupulous, but I had no idea of deceiving either myself or Tessie. The one passion of my life lay buried in the sunlit forests of Brittany. Was it buried forever? Hope cried "No!" For three years I had been listening to the voice of Hope, and for three years I had waited for a footstep on my threshold. Had Sylvia forgotten? "No!" cried Hope. I said that I was not good. That is true, but still I was not exactly a comic opera villain. I had led an easy-going reckless life, taking what invited me of pleasure, deploring and sometimes bitterly regretting consequences. In one thing alone, except my painting, was I serious, and that was something which lay hidden if not lost in the Breton forests. It was too

late now for me to regret what had occurred during the day. Whatever it had been, pity, a sudden tenderness for sorrow, or the more brutal instinct of gratified vanity, it was all the same now, and unless I wished to bruise an innocent heart my path lay marked before me. The fire and strength, the depth of passion of a love which I had never even suspected, with all my imagined experience in the world, left me no alternative but to respond or send her away. Whether because I am so cowardly about giving pain to others, or whether it was that I have little of the gloomy Puritan in me, I do not know, but I shrank from disclaiming responsibility for that thoughtless kiss, and in fact had no time to do so before the gates of her heart opened and the flood poured forth. Others who habitually do their duty and find a sullen satisfaction in making themselves and everybody else unhappy, might have withstood it. I did not. I dared not. After the storm had abated I did tell her that she might better have loved Ed Burke and worn a plain gold ring, but she would not hear of it, and I thought perhaps that as long as she had decided to love somebody she could not marry, it had better be me. I, at least, could treat her with an intelligent affection, and whenever she became tired of her infatuation she could go none the worse for it. For I was decided on that point although I knew how hard it would be. I remembered the usual termination of Platonic liaisons and thought how disgusted I had been whenever I heard of one. I knew I was undertaking a great deal for so unscrupulous a man as I was, and I dreaded the future, but never for one moment did I doubt that she was safe with me. Had it been anybody but Tessie I should not have bothered my head about scruples. For it did not occur to me to sacrifice Tessie as I would have sacrificed a woman of the world. I looked the future squarely in the face and saw the several probable endings to the affair. She would either tire of the whole thing, or become so unhappy that I should have either to marry her or go away. If I married her we would be unhappy. I with a wife unsuited to me, and she with a husband unsuitable for any woman. For my past life could scarcely entitle me to marry. If I went away she might either fall ill, recover, and marry some Eddie Burke, or she might recklessly or deliberately go and do something foolish. On the other hand if she tired of me, then her whole life would be before her with beautiful vistas of Eddie Burkes and marriage rings and twins and Harlem flats and Heaven knows what. As I strolled along through the trees by the Washington Arch, I decided that she should find a substantial friend in me anyway and the future could take care of itself. Then I went into the house and put on my evening dress for the little faintly perfumed note on my dresser said, "Have a cab at the stage door at eleven," and the note was signed "Edith Carmichael, Metropolitan Theater, June 19th, 189—."
