especially in today's turbulent times." –Martin D. Weiss, author of the New York Times bestseller *The Ultimate Depression Survival Guide* "Small-cap stocks are now the best source of wealth-building because there is now little to zero research on them—use Ian's stock discovery methods and find the ten-bagger innovative companies underneath Wall Street's radar." –Tobin Smith, founder of ChangeWave Research and costar of the Fox News show *Bulls & Bears* "I love small-cap stocks. Why invest for 10% returns when you can find ten-baggers? But no one said it was easy. There are a kazillion names and every one of them sounds like a winner. Ian Wyatt, in his very informative book, *The Small-Cap Investor*, shows you how to find them, analyze them, and ride them for all they're worth." –Andy Kessler, New York Times columnist and bestselling author of *Running Money* and *Wall Street Meat* "Ian has written the essential guide for anybody who wants to understand how to make big money in the stock market. His eight-step program shows how to identify and invest in the small companies that will become tomorrow's mega-winners." –Michael Moe, cofounder and CEO of NeXt Asset Management and author of *Finding the Next Starbucks* "The one area of the entire financial markets where the individual investor can actually have an edge on the institutional investor is small-cap stocks. Ian Wyatt's book, *The Small-Cap Investor*, is your field manual for big profits. His

Emerging Growth is one of Navellier's four services, which also includes his Blue Chip Growth service for large-cap stock investors, his Quantum Growth service for active traders seeking shorter-term gains, and his Global Growth service for active traders focused on high growth global stocks.

A world-renowned money manager shares winning strategies for small-stock investing Since forming Bares Capital Management, Inc. in 2000, Brian Bares has shown that above average returns can be generated through the careful selection of small company common stocks. Additionally, he's shown how concentrating capital in a handful of ideas improves the potential for outperformance by increasing the depth of knowledge of each position and allowing each security to have a more meaningful impact on the portfolio. In *The Small-Cap Advantage: How Top Endowments and Foundations Turn Small Stocks Into Big Returns*, Bares describes how endowment-model investors and aspiring managers can gain meaningful exposure to small stocks while sidestepping many of the obstacles that have historically prevented institutional investment in the asset class. The book also Details the historical outperformance of small-cap stocks Contrasts the various strategies employed by managers in the space Explains how

The Micro Cap Investor Learn how today's smartest investors are discovering opportunities--and reaping profits--ahead of the Wall Street pros. Micro cap stocks are all but ignored by professional investors who can't risk losing their companies' clients--and their own careers--to the sudden volatility and price swings that are common to the micro cap market. But it is just that volatility, plus their proven record for outperforming large cap stocks over the long term, that makes micro caps perfect for independent investors looking for market-beating returns. The Micro Cap Investor takes a behind-the-scenes look at this exciting sector to:

- * Detail a market-tested process for uncovering and investing in micro caps with the greatest potential to outperform the market
- * Reveal the ten key catalysts that take under-the-radar micro caps and propel them into the public spotlight
- * Explain how smaller investors can use the "information advantage" to actually gain a sizable edge over institutional investors

Let The Micro Cap Investor show you how to uncover today's most promising companies, and use the power of micro cap investing to dramatically improve your long-term investment performance.

THE APPETITE FOR PENNY STOCKS—stocks that trade for less than \$5 a share—is greater than it's ever been. Due to their potential for

rapid change, these investments can be both lucrative and high-risk. Penny stocks that pass the proper analysis can quickly multiply in value, dramatically outperforming every other type of stock, including so-called "safe" blue chips. Exciting, original, and inspiring, *Invest in Penny Stocks* is the only book of its kind. The Penny Stock Professional, Peter Leeds introduces you to all the concepts needed to become a successful penny stock investor: risk-free paper trading, tactics of the pros, the best markets, effective due diligence, and much more. He also reveals his 29-point Leeds Analysis, which uncovers the absolute best small companies with strong management teams, great upside potential, proven revenues, patented technologies, and rock-solid fundamentals. These premium penny stocks are more likely to outperform, and less likely to suffer downside price moves. Packed with nearly twenty of Leeds' favorite trading tactics and over forty real company trading charts, *Invest in Penny Stocks* can quickly help anyone become a successful trader. Using methods of fundamental and technical analysis developed over many years, Peter Leeds is consistently able to discover value in companies that others can't see. With *Invest in Penny Stocks*, he shows you how to take advantage of the opportunities that everyone else is missing.

Find great stocks "in your own backyard": master do-it-yourself research techniques for uncovering today's best small-cap equity opportunities! Peter Ricchiuti reveals the secrets of Tulane University's Burkenroads Reports program, where he and 200+ business students work together to uncover less-followed, frequently misunderstood, and seemingly un-sexy companies that often produce superior investment returns. Their research on these "orphan stocks" powers The Burkenroad Mutual Fund, which has outperformed 99% of all stock funds over the past eleven years. You've seen them on CNBC, CNN, and the Nightly Business report... read about them in the Wall Street Journal and the New York Times. Now, Ricchiuti shows how they do it – and how some well-informed stock sleuthing can pay off big for you, too. You'll discover why "underfollowed" small-cap equities now offer exceptional investment opportunities, and how to leverage the surprising hidden advantages available to individual investors – including the ability to trade in stocks that don't generate the volume and liquidity institutional investors require. Fact is, there's very little innovative equity research on Wall Street anymore. That gives you a powerful advantage – and Ricchiuti gives you the principles and simple techniques you need to take advantage of it. Stocks Under Rocks will be the next classic for every personal investor who wants to find great investments and have fun doing it!
