"Cunning...Your imagination will be frenetically flapping its wings until the very last chapter." THE WASHINGTON POST BOOK WORLD Morse is enjoying a rare if unsatisfying holiday in Dorset when the first letter appears in THE TIMES. A year before, a stunning Swedish student disappeared from Oxfordshire, leaving behind a rucksack with her identification. As the lady was dishy, young, and traveling alone, the Thames Valley Police suspected foul play. But without a body, and with precious few clues, the investigation ground to a halt. Now it seems that someone who can hold back no longer is composing clue-laden poetry that begins an enthusiastic correspondence among England's news-reading public. Not one to be left behind, Morse writes a letter of his own--and follows a twisting path through the Wytham Woods that leads to a most shocking murder.

A grieving widow discovers a most unexpected form of healing—hunting for mushrooms. “ Moving . . . Long tells the story of finding hope after despair lightly and artfully, with self-effacement and so much gentle good nature. ” —The New York Times Long Litt Woon met Eiof a month after arriving in Norway from Malaysia as an exchange student. They fell in love, married, and settled into domestic bliss. Then Eiof ’ s unexpected death at fifty-four left Woon struggling to imagine a life without the man who had been her partner and anchor for thirty-two years. Adrift in grief, she signed up for a beginner ’ s course on mushrooming—a course the two of them had planned to take together—and found, to her surprise, that the pursuit of mushrooms rekindled her zest for life. The Way Through the Woods tells the story of parallel journeys: an inner one, through the landscape of mourning, and an outer one, into the fascinating realm of mushrooms—resilient, adaptable, and essential to nature ’ s cycle of death and rebirth. From idyllic Norwegian forests and urban flower beds to the sandy beaches of Corsica and New York ’ s Central Park, Woon uncovers an abundance of surprises often hidden in plain sight: salmon-pink Bloody Milk Caps, which ooze red liquid when cut; delectable morels, prized for their earthy yet delicate flavor; and bioluminescent mushrooms that light up the forest at night. Along the way, she discovers the warm fellowship of other mushroom obsessives, and finds that giving her full attention to the natural world transforms her, opening a way for her to survive Eiof ’ s death, to see herself anew, and to reengage with life. Praise for The Way Through the Woods “ In her search for new meaning in life after the death of her husband, Long Litt Woon undertook the study of mushrooms. What she found in the woods, and expresses with such tender joy in this heartfelt memoir, was nothing less than salvation. ” —Eugenia Bone, author of Mycophilia and Microbia

One woman's journey to overcome grief by delving into an overlooked wonder of nature. 'As the world of mushrooms opened up to me I began to see that the path back to life was easier than I had thought. It was simply a matter of gathering delights that flash and sparkle. All I had to do was follow the mushroom trail, even though I still didn't know where it would lead. What would I find in the great unknown that lay ahead of me? What lay beyond those hilltops and mists and turns in the road?' When Long Litt Woon loses her husband of 32 years to an unexpected death, she is utterly bereft. An immigrant in his country, in losing the love of her life she has also lost her compass and her passport to society. For a time, she is stuck, aimless, disoriented. It is only when she wanders off deep into the woods with mushroom hunters and is taught there how to see clearly what is all around her, and learn how to make distinctions, take educated risks, and hear all the different melodies in Nature's chorus, that she returns to life and to living. And it is mushrooms which guide her back. In this book, she describes how they

saved her, and how they might save you.

Beloved for his fanciful and engrossing children ' s literature, controversial for his enthusiasm for British imperialism, Rudyard Kipling remains one of the most widely read writers of Victorian and modern English literature. In addition to writing more than two dozen works of fiction, including *Kim* and *The Jungle Book*, Kipling was a prolific poet, composing verse in every classical form from the epigram to the ode. Kipling ' s most distinctive gift was for ballads and narrative poems in which he drew vivid characters in universal situations, articulating profound truths in plain language. Yet he was also a subtle, affecting anatomist of the human heart, and his deep feeling for the natural world was exquisitely expressed in his verse. He was shattered by World War I, in which he lost his only son, and his work darkened in later years but never lost its extraordinary vitality. All of these aspects of Kipling ' s poetry are represented in this selection, which ranges from such well-known compositions as " *Mandalay* " and " *If* " to the less-familiar, emotionally powerful, and personal epigrams he wrote in response to the war.

A grieving widow discovers a most unexpected form of healing--hunting for mushrooms. Long Litt Woon met Eiof a month after arriving in Norway from Malaysia as an exchange student. They fell in love, married, and settled into domestic bliss. Then Eiof's unexpected death at fifty-four left Woon struggling to imagine a life without the man who had been her partner and anchor for thirty-two years. Adrift in grief, she signed up for a beginner's course on mushrooming--a course the two of them had planned to take together--and found, to her surprise, that the pursuit of mushrooms rekindled her zest for life. *The Way Through the Woods* tells the story of parallel journeys: an inner one, through the landscape of mourning, and an outer one, into the fascinating realm of mushrooms--resilient, adaptable, and essential to nature's cycle of death and rebirth.

'As long as people have lived here, they've gone out of their way to avoid the woods...'  
Two teenage girls disappear into an ancient wood, a foreboding and malevolent presence both now and in the past. The modern motorway bends to avoid it, as did the old Roman road. In 1917 the Doctor and Amy are desperate to find out what's happened to Rory, who's vanished too. But something is waiting for them in the woods. Something that's been there for thousands of years. Something that is now waking up. A thrilling, all-new adventure featuring the Doctor, Amy and Rory, as played by Matt Smith, Karen Gillan and Arthur Darvill in the spectacular hit Doctor Who series from BBC Television.

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.

Although horses played no part in her family's lives, young Jan dreamed of owning a horse. As an adult, her attempts at horse ownership were repeatedly frustrated, until she claimed she just didn't care anymore. Then the words of a caring pastor opened her heart and renewed her dream. Now that Jan was really ready, her dream came true. These essays of inspiration, meditation, and dedication cover Jan's journey from child playing cowgirl to a woman AT HOME ON A HORSE IN THE WOODS.

"DELIGHTFUL." --The Wall Street Journal In short mysteries so brilliantly plotted they'll confound the cleverest of souls, Inspector Morse remains as patient as a cat at a mouse hole in the face of even the most resourceful evildoers. Muldoon, for instance, the one-legged bomber with one fatal weakness . . . the quartet of lovers whose bizarre entanglements Morse deciphers only after a beautiful woman is murdered . . . and those artful dodgers who catch the cunning and very respectful Morse with his pants down. There are mysteries featuring new characters and some familiar ones, including the great Sherlock Holmes, and a royal flush of American crooks. "BRILLIANT . . . Inspector Morse is back, and more than welcome." --Houston Chronicle "Fear not. In Dexter's dexterous hands, the short-form Morse is every bit as wily and irascible as he is in the the popular Morse novels and the long-running PBS Mystery! series." --The Raleigh News & Observer
