Towards Sustainable Cities: East Asian, North American and ...

In South-East Asia, national governments are busy incorporating the Sustainable Development Goals (SDG s) into national development policies. But while central mandates for implementing the goals are expected to eventually “ trickle down ” to cities, this process is being slowed by the comprehensive nature of the goals, requiring significant coordination and consultation across government.

How Cities in South-East Asia Are Acting on the SDGs Ahead ...

Home to congregations that encourage dialogues towards sustainable development, the ICC and its state-of-the-art facilities is a fitting setting to the EAS Congress 2018 ’ s theme of celebrating partnerships made in the past 25 years and to bridging potential collaborations towards the future of the sustainable development of the East Asian Seas Region.

However, population ageing in East and North-East Asia (ENEA) is particularly notable as the subregion is home to a high proportion of elders in the world. In 2015, older persons (65 years and over) living in the six ENEA countries (China, Democratic People ' s Republic of Korea, Japan, Mongolia, the Republic of Korea, and the Russian Federation) accounted for 32% of all the older persons ...

Population Ageing in East and North-East Asia | UNITED ...

The study found that children of immigrants from high-achieving East Asian countries are still two-and-a-half years ahead of their western peers by the time they are 15.
