cheese lover should be without it!

EXPLORE THE WORLD OF CHEESE BY ASKING YOURSELF ONE SIMPLE QUESTION: WHAT CHEESES DO I ALREADY LOVE? This is the first book of its kind to be organized not by country, milk type, or any other technical classification. The Book of Cheese maps the world of cheese using nine familiar favorites, what author Liz Thorpe calls the Gateway Cheeses. From basics like Swiss, blue, and cheddar, Liz leads the way to more adventurous types. Love Brie? Liz shows you how to find other Brie-like cheeses, from the mild Moses Sleeper to the pungent Fromage de Meaux. Her revolutionary approach allows food lovers to focus on what they really care about: finding more cheeses to enjoy. Complete with flavor and aroma wheels, charts guiding you through different intensities and availabilities, and gorgeous photography, this is the only book on cheese you will ever need.

Explore cheese in its many glorious varieties the science, the smells, the succulence! The grandest fromages, the finest Feta, the most delicious Manchego: celebrate the glorious variety, quality and pleasure of great cheeses from around the world. You'll find detailed profiles of over 800 cheeses from France to Australia. Develop an in-depth understanding of different cheese from its provenance, to the producers, science, smells, and how to savour each taste. Plus, discover what to buy, where and how to serve it. No cheese lover should be without it!

This is an authoritative fact-packed guide to the cheeses of the world, combined with a fabulous collection of over 100 recipes.

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • Entertainment Weekly • Kirkus Reviews • The Christian Science Monitor In the picturesque village of Guzmán, Spain, in a cave dug into a hillside on the edge of town, an ancient door leads to a cramped limestone chamber known as “the telling room.” Containing nothing but a wooden table and two benches, this is where villagers have gathered for centuries to share their stories and secrets—usually accompanied by copious amounts of wine. It was here, in the summer of 2000, that Michael Paterniti found himself listening to a larger-than-life Spanish cheesemaker named Ambrosio Molinos de las Heras as he spun an odd and compelling tale about a piece of cheese. An unusual piece of cheese. Made from an old family recipe, Ambrosio’s cheese was reputed to be among the finest in the world, and was said to hold mystical qualities. Eating it, some claimed, conjured long-lost memories. But then, Ambrosio said, things had gone horribly wrong. . . . By the time the two men exited the telling room that evening, Paterniti was hooked. Soon he was fully embroiled in village life, relocating his young family to Guzmán in order to chase the truth about this cheese and explore the fairy tale–like place where the villagers conversed with farm animals, lived by an ancient Castilian code of honor, and made their wine and food by hand, from the grapes growing on a nearby hill and the flocks of sheep floating over the Meseta. What Paterniti ultimately discovers there in the highlands of Castile is nothing like the idyllic slow-food fable he first imagined. Instead, he’s sucked into the heart of an unfolding mystery, a blood feud that includes accusations of betrayal and theft, death threats, and a murder plot. As the village begins to spill its long-held secrets, Paterniti finds himself implicated in the very story he is writing. Equal parts mystery and memoir, travelogue and history, *The Telling Room* is an astonishing

work of literary nonfiction by one of our most accomplished storytellers. A moving exploration of happiness, friendship, and betrayal, *The Telling Room* introduces us to Ambrosio Molinos de las Heras, an unforgettable real-life literary hero, while also holding a mirror up to the world, fully alive to the power of stories that define and sustain us. Praise for *The Telling Room* “Captivating . . . Paterniti’s writing sings, whether he’s talking about how food activates memory, or the joys of watching his children grow.”—NPR
